H.911: AN ACT RELATING TO CHANGES IN VERMONT'S PERSONAL INCOME TAX AND EDUCATION FINANCING SYSTEM

Peter Griffin, Legislative Counsel

3/1/2018

Sec.	Description
	Personal Income Tax Changes
1-6a	Makes numerous personal income tax changes based on the federal tax changes and a
	proposal from the Governor.
	 Creates a Vermont personal exemption, a Vermont standard deduction, and
	charitable credit to replace Vermont's current reliance on federal definitions and
	its current treatment of itemized deductions.
	o The personal exemption is set at \$4150.
	o The standard deduction is set at \$12,000 for joint filers, \$9,000 for heads
	of households, and \$6000 for single filers. The charitable gradit is 5% of the first \$10,000 in charitable contributions.
	• The charitable credit is 5% of the first \$10,000 in charitable contributions claimed at the federal level.
	• Lowers Vermont's marginal rates for personal income taxes and collapses the top
	two income tax brackets. The brackets and rates would change from:
	o five brackets of 3.55%, 6.8%, 7.8%, 8.8% and 8.95% to
	o four brackets of 3.35%, 6.6%, 7.8%, and 8.6%.
	• Excludes taxable Social Security benefits from State taxation for joint filers with
	federal adjusted gross income of \$60,000 or less, and single filers with federally
	adjusted gross income of \$45,000 or less, with phase-outs above those amounts.
	Education Financing Changes
7	Creates a school income tax surcharge based on taxable income and dedicated to the
	Education Fund. The surcharge is equal to:
	• 0.1 percent on income taxed at 3.35 percent;
	• 0.5 percent on income taxed at 6.6 percent;
	• 0.5 percent on income taxed at 7.6 percent; and
8-9	 1.0 percent on income taxed at 8.6 percent. Reallocates certain Education Fund and General Fund revenues.
8-9	Eliminates the General Fund Transfer and moves several Education Fund
	expenses to the General Fund, including adult education programs, flexible
	pathways programs, and the renter rebate.
	 Commits all the revenue from the school income tax surcharge, all the revenue
	from the sales and use tax, and 25 percent of the meals and rooms tax to the
	Education Fund.
10-12	Alters how education property tax rates are calculated and billed by:
	• Providing each school district with a base spending amount equal to the amount of
	per pupil education spending that can be supported by fixed Education Fund revenues.
	• For districts that choose to spend above the base spending amount, an additional
	homestead tax rate would be equalized across those districts, based on a single

	property tax yield.
	 Requiring separate bills for the statewide education tax and municipal taxes.
	Requiring the Commissioner of Taxes to recommend a yield, a base income
	percentage, and a nonresidential rate each year.
13-	Changes how income sensitivity adjustments are calculated and billed.
14a	• Income sensitivity adjustments will be capped at \$400,000.00 of housesite value rather than \$500,000.00 as under current law.
	• For people below \$47,000.00 in household income the "supercircuit breaker" adjustment is split into an education property tax adjustment and a municipal tax
	adjustment, and billed separately.
15-16	Sets the parameters for fiscal year 2019:
and	• The property dollar equivalent yield is \$8,500.00.
22	• The base income percentage is 1.66%.
	• The nonresidential property tax rate is \$1.591.
	• The base spending amount is \$11,916.00.
17-19	Repeals the current excess spending penalty.
20	For fiscal year 2020, the definition of "education spending" is changed to include a
	district's portion of the normal teacher retirement contribution.
21	Removes the Act 46 five percent limitations on tax rates for most districts so that the
	new lower property tax rates can be effective. For a small number of certain specified
	districts, the limitations on the amount that tax rates can rise are kept in place.
22	Effective dates and transition. Provides that no taxpayer will be penalized for failing to
	withhold properly for the school income tax surcharge for taxable year 2018 only. Sets
	a base spending amount of \$11,916 for fiscal year 2019, and an amount of 96% of what
	the amount would otherwise be for fiscal year 2020.
